

Mobile Timesheet URL

<https://cornerstonehr.fasttrack360.com.au/FastTrack.MobileTimesheets>

Once this is loaded for the first time, they can save this URL to the home page of the mobile for them to click and launch FastTrack Mobile Timesheet.

To save the mobile timesheet URL to the home screen of the mobile, click on the URL below (which will be emailed to your candidates and clients and they will access this from their email on their mobile):

When it loads the login screen, follow the steps below:

FastTrack logo will then be saved to your home screen of mobile for them to access mobile timesheet quickly.

Also, take note that private browsing must be turned off for mobile timesheet to work.
